

Quality inspection of Fresh Food (**)

Does your supplier supply you with goods that conform to applicable requirements? Do your goods satisfy the requirements of your customers? Do you have a dispute with your customer, supplier or insurance company? How is the quality at the sales points?

As a professional in the food industry, you are greatly dependent on the quality of the products that you purchase. The same also applies to your clients who rely on you to deliver products properly. If you have several links in the chain between yourself and the end client, it would be an absolute asset to have your products inspected by an independent institution like Vinçotte.

Your tailor-made solution

As an independent and neutral inspection agency, Vinçotte helps you with the

- Quality inspection of incoming and outgoing goods
- Quality inspection of the goods at the sales points
- Quality inspection in case of a dispute
- Quality inspection of products on your suppliers' premises

Your result

- A thorough inspection of the goods for compliance with specifications or specifications selected by you
- Inspection by an independent party, whose independence is beyond question
- Customised reporting

Please note
